

SHRINKFAST
Innovators In Heat Shrink Tools

Extensions

Shrinkfast Integrated 998 Extension System

Introducing the NEW 2' Straight X-tender

With four different lengths and styles to choose from, Shrinkfast extensions offer the flexibility to complete any shrink wrap job quickly and efficiently.

6', 4', & 2' angled extensions with the 2' straight X-tender

The **NEW** 2' straight X-tender creates numerous combinations. With the push of a button the X-tender builds the 998:

- 2' extension into a 4' extension
- 4' extension into a 6' extension
- 6' extension into an 8' extension

6' extension and the X-tender

8' extension with X-tender installed

Accessories:

- Arm Assist Clip allows for one-handed shrink wrapping
- New Carrying Bags for the 4' & 6' extensions allow for easy transportation and storage
